

Looking to update your current ducted gas heating system?

Ducted gas heating has advanced considerably in the last 20 years, providing significant efficiency savings and performance improvements. Replacing an old system with a new **Braemar ducted gas heating solution** can deliver you significant savings on your energy bills. Braemar has the highest efficiency star ratings in Australia for ducted gas heating.*

Why you should choose Braemar ducted gas heating over reverse cycle...

Better performance

When the outside temperature drops, reverse cycle works less efficiently while ducted gas remains steady.

Instant warmth

Ducted gas reaches desired temperature much faster than reverse cycle.

Comfortable air

Ducted gas heating won't dry your skin and eyes. It's a different kind of cosy warmth.

Hydrogen Ready

Braemar gas heating products have been tested so they will perform at their best in a renewable future.

*3 to 6, and 7 star equivalent products.

DRAFT ARTWORK

MagIQtouch controller

Smart, sophisticated and incredibly intuitive, upgrade your manual controller to a MagIQtouch controller for easy operation of your Braemar ducted gas heating. Control the temperature, fan speed and many more features on a user-friendly touch screen.

Braemar 7 year warranty now that's added comfort

Regular servicing ensures ongoing efficiency and longer life of your appliance

If your heater was purchased and installed by one of Hi-Tech Gas Services authorised dealers and you have registered with Seeley International (Braemar) for the 7 year warranty, the heater **MUST** have required services as scheduled. The heater requires servicing in Years 2, 4 (with necessary consumable parts*) and 6 from date of purchase.
